[Anshika Verma](#)

OBJECTIVE

Seeking an employment opportunity that would help me bring the best out of me, furnishing me with the much needed practical insights and fostering an all around development of me as a professional in the industry.

EDUCATION

COURSE	Institution	Year	CPI/CGPA/%
B. Tech in Chemical Engineering	Rajiv Gandhi Institute of Petroleum Technology	2019-23	9.17 *
XII, (CBSE)	Lucknow Public School	2018	95.20
X, (CBSE)	Lucknow Public School	2016	10/10

* Up to 6th Semester

INTERNSHIP

Industrial Intern | Larsen and Toubro, Heavy Engineering, Vadodara

(July-August, 2022)

Mentor: Mr. Rajat Gupta, Sr. Engineer

- Acquainted with the design of process vessels, modes of failures, causes and effects, and various specifications necessary for the design of materials.
- Process Design and calculations for heat exchangers was done on Microsoft Excel for the given industrial datasheet.

Industrial Intern | Indian Oil Corporation Limited

(March-May, 2022)

Mentor: Mr. Aakash Agarwal, Manager

- Acquainted with a multitudinous array of things entailing IOCL working methodologies, integration of Refinery and Petrochemicals, typical streams for Petrochemical production, overview of naphtha cracking and (FCC) processes.
- Sketched and prepared an economic model so as to come up with the most suitable C2 derivative considering 100 KTA of ethylene available.

PROJECTS

Topic: Effect of supporting electrolytes on vanadium redox flow batteries

(Oct, 2021- May, 2022)

Faculty Advisor: Dr. Milan Kumar | Strength of Materials/ Engineering Lab, RGIPT

- Cyclic voltammetry with varying scan rates was performed on a range of different compositions of test samples for supporting electrolytes.
- Based on CV results, search for suitable solvent was being carried out so as to boost the performance of vanadium redox flow batteries.

ACHIEVEMENTS

- Recipient of the 2020-21 **Donald F. Othmer Sophomore Academic Excellence Award** from AIChE International, including a certificate, complimentary conference registration, recognition on their webpage, and a monetary prize of \$50 USD. [\[Link\]](#)
- Awarded consolation prize in team participation at the **HPCL R&D New Generation Ideation Contest 2021**.
- Qualified **IIT JEE Advance 2019**, secured rank in the top 1.5% among 15, 00,000 appearing students.
- Recipient of **RGIPT Merit Scholarship**, awarded to top 5% students for the session 2019.
- Granted scholarship for outstanding result in CBSE Board Examinations in class XII.
- Represented Lucknow Public School in **Innovative Invention Contest** and qualified for second round.
- Awarded academic excellence awards in 2010, 2011 at DAV Public School, Amritsar and at Lucknow Public School in 2012, 2013, 2014, 2015, 2016, and 2017.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Python, MATLAB
- **Web Development:** HTML | CSS | Bootstrap | JavaScript
- **Tools/Software:** Aspen Plus, AutoCAD, MS Office, Git/GitHub

POSITION OF RESPONSIBILITY

- | | |
|---|--------------------|
| • Vice President AIChE RGIPT | March, 22- Present |
| • International Relations Committee Officer AIChE RGIPT | June, 21- Feb, 22 |
| • ChemE Jeopardy Team Coordinator AIChE RGIPT | June, 21- Feb, 22 |
| • Sister Chapter Subcommittee, Student Executive AIChE RGIPT | Sept, 20- May, 21 |
| • Audit and Reporting Committee Head IEEE, RGIPT | Sept, 20- Sept, 21 |
| • Web Designing Head CodeChef, RGIPT | Sept, 20-July, 21 |
| • Class Coordinator (Core Member) Gyanarpan Project Amethi | April, 21- Present |
